SOFTWARE DEVELOPER || MACHINE LEARNING ENTHUSIAST

I am a Junior Software Developer with a strong background in coding, I possess skills in software development, particularly in coding and debugging. Moreover, I am proficient in machine learning, specifically in deploying machine learning models and conducting dataset training. Apart from that, I am conversant with android application development and web application development. I possess a fervor for innovation and ongoing learning. Not only am I adept at effective communication, but I also actively listen to ensure thorough understanding and appropriate response to the situation at hand.

EXPERIENCE

IT Intern
Huduma Centre, Kajiado
January 2023 – March 2023

Responsibilities:

- Took part in troubleshooting hardware and software issues, demonstrating problem- solving skills.
- Worked together with the team to provide timely technical support, resolving user concerns and maintaining high levels of customer satisfaction.
- Acquired familiarity with networking fundamentals, including IP addressing and basic troubleshooting techniques.
- Hands-on experience in data entry, record keeping, and optimizing performance for system applications.

EDUCATION

Bachelor of Science in Computer Science
Umma University
9th Sept 2020 - 2nd April 2024 (Awaiting graduation July 2024)

Relevant Coursework: Data Structures, Algorithms, Web Development, Database Management, Software Engineering.

Kenya Certificate of Secondary Education (KCSE)
Ringa Boy's High School
Jan 2016 - Dec 2019   **B**

Kenya Certificate of Primary Education
(KCPE) Busara Primary School
Jan 2007 - Nov 2015 **338**

SKILLS

- **Programming Languages:** C, C++, JavaScript, Python, Java, PHP
- **Web Technologies:** HTML, CSS, React.js
- **Software Development:** Android SDK, Object Detection, Machine Learning
- **Database Management:**   MongoDB, MySQL
- **Problem Solving:** Data structures and algorithms
- **Frameworks:** Django Web Framework

- **Soft Skills:** Teamwork, Communication, Time Management

PROJECTS

- Weapon Detection System Using YOLOv4
- Nkajiang Rental System Website
- Mechanical Service Application
- Class Attendance System
- Point of Sale System
- Online Fish Selling Application
